Sharpening Device SSG

Product details

- Simple operation
- Very quiet running
- Long blade service life

View online
Sharpening Device SSG

The SSG sharpening device is suitable for gentle processing of all Durablade® involute blades with low material abrasion. The compact unit for various sharpening angles ensures constant sharpening of the cutting edge thanks to the rotating contour tracking. A counter is integrated for individual specification of sharpening cycles. A water bath improves the sharpening result.

Advantages

- Gentle blade processing
- Low level of material removal
- Non-actively driven sharpening discs
- Compact device for different sharpening angles
- Constant sharpening of cutting edge thanks to all-round contour tracing
- Counter for the individual specification of sharpening cycles
- Water bath for improved sharpening

Weber means: service across the board.

Weber Academy.
Maximize line performance through professional training courses.
At the Weber Headquarter in Breidenbach, Germany, we have our own training center, the Weber Academy. Being a provider of complete line solutions, we offer training courses for your Weber Line, tailored precisely to your needs. In doing so, our focus is always on increasing efficiency and optimizing profit in your company.

Weber Guardian.
A safe plan for your production.
Only those who listen can understand. And those who understand can act. With our Weber Guardian program, we harmonize people, machines, and processes to get the most out of production. From preventive maintenance and inspection through targeted personnel development to production support and optimization.

Weber Portal.
Networked thinking, handling together.
You will find everything about your Weber equipment bundled in your personal Weber Portal. Compact, individual and interactive. From your customer profile and that of your machines to e-learning on your setup as well as convenient spare parts ordering and service offers. Are you already registered?

We are looking forward to your message.
