Slicer 305

Product details

- Circular blade slicer with manual loading
- Entry-level model for industrial production of sliced product
- Interleaver (optional)
- SprayTech (optional)

Advantages

- Circular blade
- Weber Hygiene Design
- Quick set-up time
- Interleaver
- Manual loading
- SprayTech
Weber Slicer 305: the powerful entry-level slicer.

The Weber Slicer 305 is our entry-level model in high-tech slicing technology. The Slicer 305 is only available with manual loading. It is easy to operate and to change applications, and both slicing edge and slicing stop can be adjusted to the product width. To produce stacked portions, the Slicer 305 can be optionally equipped with a stack lowering device, which guarantees the gentle placement of each individual slice and precisely portioned stacks.

Weber means: service across the board.

Weber Academy.
Maximize line performance through professional training courses.
At the Weber Headquarter in Breidenbach, Germany, we have our own training center, the Weber Academy. Being a provider of complete line solutions, we offer training courses for your Weber Line, tailored precisely to your needs. In doing so, our focus is always on increasing efficiency and optimizing profit in your company.

Weber Guardian.
A safe plan for your production.
Only those who listen can understand. And those who understand can act. With our Weber Guardian program, we harmonize people, machines, and processes to get the most out of production. From preventive maintenance and inspection through targeted personnel development to production support and optimization.

Weber Portal.
Networked thinking, handling together.
You will find everything about your Weber equipment bundled in your personal Weber Portal. Compact, individual and interactive. From your customer profile and that of your machines to e-learning on your setup as well as convenient spare parts ordering and service offers. Are you already registered?

We are looking forward to your message.
