Slicer TS500

Product details
- Slicer with circular blade technology
- Large product passage
- High ease of maintenance

Advantages
- Circular blade
- Weber Hygiene Design
- Variogripper
- Quick set-up time
- SprayTech
- Interleaver
- Automatic loading
Weber Slicer TS500: circular blade technology with large product passage.

Good output when slicing the product gently at the same time - a task that the Weber Slicer TS500 easily masters with its combination of circular blade technology, large product passage and very short reloading time. The powerful TS500 convinces with a new, open design and innovative slicer functions.

- GripnGo reloading function
- VarioFeed Product Feeder
- ContiFlow - Slicing without reloading gaps

Optionally, the slicer is also available with an idle cut function.

Weber means: service across the board.

Weber Academy.

Maximize line performance through professional training courses.
At the Weber Headquarter in Breidenbach, Germany, we have our own training center, the Weber Academy. Being a provider of complete line solutions, we offer training courses for your Weber Line, tailored precisely to your needs. In doing so, our focus is always on increasing efficiency and optimizing profit in your company.

Weber Guardian.

A safe plan for your production. Only those who listen can understand. And those who understand can act. With our Weber Guardian program, we harmonize people, machines, and processes to get the most out of production. From preventive maintenance and inspection through targeted personnel development to production support and optimization.

Weber Portal.

Networked thinking, handling together. You will find everything about your Weber equipment bundled in your personal Weber Portal. Compact, individual and interactive. From your customer profile and that of your machines to e-learning on your setup as well as convenient spare parts ordering and service offers. Are you already registered?

We are looking forward to your message.
